

59 Prof. Xiaoping Wu

Name: Xiaoping Wu

Organization: Jilin University

E-mail: wxp@ustc.edu.cn

Education

B.A. Applied Geophysics, Jilin University, Changchun, China, 1988

M.A. Applied Geophysics, China University of Geosciences, Beijing, China, 1993

Ph.D. Applied Geophysics, University of Science and Technology of China, Hefei, China, 1998

Work Experience

Professor, University of Science and Technology of China, Hefei, China, 2004-present

Major Publications

Wu, X. P., A 3-D finite-element algorithm for DC resistivity modeling using shifted incomplete cholesky conjugate gradient method, *Geophys. J. Int.*, 2003, 154 (3): 947-956.

Wu, X. P., Xiao, Y. F., Qi, C., et al. Computations of secondary potential for 3-D DC resistivity modelling using an incomplete Choleski conjugate gradient method, *Geophys. Prospect.*, 2003, 51(6): 567-577.
